

WHY YOU CHOOSE US?

Integrated AI

- **Human/Vehicle/Pet Detection:** Get notified when it matters most, and minimize false alerts! Use intelligent detection to filter out unwanted motion events by utilizing the power of AI to identify objects.
- **Perimeter Protection:** Zone off your property and use custom alarms to deter intruders.
- **Line Crossing:** Keep track of when people cross certain points, or even door ways allowing you to get notified upon their arrival..

24/7 Anywhere Access

- **Mobile Phone Support:** View your cameras from anywhere live, using our mobile viewing app! View playback stored on the cloud, control Camera PTZ functions, and check alert notifications.

Quality Assurance

- **Commitment to Excellence:** We are committed to delivering the highest quality CCTV Products, and installation services that exceed industry standards.
- **Quality Control:** Rigorous quality control measures ensure every CCTV camera, and NVR is working properly before installation.

Customer Satisfaction

- **Customer-First Approach:** Our customers are our top priority, and we go above and beyond to ensure their satisfaction, and understanding of our systems. WE TEACH YOU EVERYTHING YOU NEED TO KNOW!
